

The PITC Curriculum Implementation Training

**WINTER/SPRING 2023
SCHEDULE IS AVAILABLE!**

Registration Opens December 2022

Session 1, February 4:
Introduction to the PITC Curriculum

Session 2, February 18:
The PITC Curriculum Planning Steps and Tools

Session 3, March 4: Curriculum Planning for Small Groups

Session 4, March 25: Individual Goal Planning and the Responsive Process of Watch, Ask, and Adapt

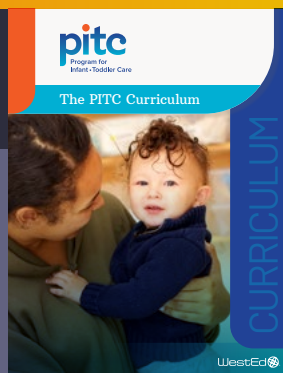

All sessions held on Saturday from 9am-12pm PT

Space is limited. Registration link will be posted soon at PITC.org.

Optional Technical Assistance (Available to All Registrants):

Available at no cost to reinforce learning and guide implementation of the PITC Curriculum, additional technical assistance will occur weekly from 2/6 through 4/3 on the following topics:

- Practice opportunities related to each training session
- Answers to frequently asked questions related to the sessions
- Implementation support and guidance
- Support with the PITC Curriculum implementation tools

Supporting an enhanced relationship-based, responsive approach to early care, PITC Curriculum planning tools and strategies support the efforts of center- and home-based and family care teachers and providers to facilitate high-quality individualized learning and healthy development for children from birth to age 3.

The curriculum is available to be purchased and used independently, but it is most effective when used in conjunction with dynamic PITC Curriculum Implementation Training. Led by experts in early learning and care, the training supports care teachers in implementing the PITC Curriculum with fidelity.

Location & Cost

Training sessions and optional technical assistance held virtually on the Zoom platform.

\$885.00/ per person. Includes a complete set of The PITC Curriculum and the participant binder/materials for the implementation training.
