

Supporting Infants' and Toddlers' Language Development and Communication Skills

WHO SHOULD ATTEND?

- Infant/Toddler program administrators
- Infant care teachers working with children birth to 36 months
- Center-based, family childcare providers & Family, Friend and Neighbor

GOALS OF THE WORKSHOP

This workshop will help participants to:

- Recognize the capabilities of the young, mobile and older infant related to the emergence of communication.
- Understand the influence of culture on a child's language development and communication style.
- Become familiar with strategies to better meet the individual language development and communication needs of each infant or toddler in your care.
